President's Report

Gavin Cox

Two thousand and ten has been a successful year for the DSRCV.

The well attended 2010 Datsun Roadster Nationals in Geelong has certainly shown that the club can run well-organised events. The magazine demonstrates that the club has the ability to publish a high quality and informative magazine thanks to Darren House. Rod Johnson is now regularly updating the club website originally set up by Mat Purtell, and it goes without saying that the ongoing technical support offered by Lou Mondello and Hardy Kuhn reflects in the quality of the Victorian cars.

Paul Williams, in his capacity as Vice President, has provided regular club social runs to a variety of destinations, aimed at catering for club members across Victoria. This has resulted in far greater attendance than in past years.

To build on this success, the DSRCV committee now has the challenge of ensuring stability at a committee level, expanding the club membership, getting more roadsters on the road, and improving the social events and services that the club can offer to its members.

Fortunately, the club also finds itself in a sound financial position. This is due to the support and sponsorship of several companies and monies raised from this year's and previous year's Nationals. The club is now in a position to fund some services and social events.

The club has 75 current and past members on the mailing list. I would like to see as many people as possible actively involved in the club.

To this end, I invite everyone to offer their suggestions to the committee of the types of events, drive days, competitions, club magazine features, technical support or other services they would be interested in attending or accessing.

If current events or arrangements don't meet your needs, please offer suggestions on how we can change or improve what we do. Please email your feedback to gavin.cox@metromotion.com.au, or post your feedback to DSRCV, 29-31 Sunhill Rd, Mt Waverley, 3149.

I look forward to receiving your feedback and seeing all members participating in future club events. 

Treasurer's Report

Period 23 March – 17 August 2010

Darron Proctor

Our account has increased significantly with the receipt of club membership payments and from the money raised from hosting the Nationals in Geelong. The raffles and auction were well patronised and have contributed considerably to the health of our account.
